## PROFESSIONAL SUMMARY

---

Talented Full-stack web and software developer with 4+ years of coding experience and expertise in project planning. Successfully monitors and controls all phases of the development process, design, construction, and testing. Works collaboratively within multi-functional teams to identify and resolve bugs and functionality issues. Strong technical

## EXPERIENCE

---

### **Full Stack Developer, Fiverr, Mar 2018 - Current, Remote**

Other than a Strong understanding of the web development cycle, programming techniques, and tools.

I have Collaborated with the front-end, and back-end developers and other team members to establish objectives and design more functional, cohesive codes to enhance the user experience. more to that, I have gained Strong problem-solving and verbal and written communication skills over the years.

### **Backend Developer, Digital Servers Center, Dec 2022 - Jan 2023, Remote Saudi Arabia**

- Wrote clean code to develop functional web applications.
- Managed cutting-edge technologies to improve legacy applications.
- Devised and implemented robust data protection and security measures.
- Resolved client technical issues through debugging and research.
- Documented style guidelines to keep the design consistent across the team.
- Produced code in programming languages such as Typescript and Javascript to create the most effective and clean websites.
- Wrote unit tests for the Developed Apis

### **Full Stack Web Developer Intern, theJitu, Jan 2022 - Mar 2022, Nyeri Kenya**

The following was what I took from the Internship:

- 1)Write code and tests, build prototypes and resolve issues.
- 2)Design robust APIs to support mobile and desktop clients.
- 3)Manage and optimize scalable distributed systems in the cloud.
- 4)Optimize web applications for performance and scalability.
- 5)Maintain and improve the website.
- 6)Collaborate with other developers to improve usability.
- 7)Ensure high-quality graphic standards and brand consistency

### **Software Development Coach , TAISA, Mar 2020 - Jan 2021, Nyeri**

Designed a curriculum and co-authored a technical book for training on Game Development.I mentored and trained High School students to design and create games, animations, and simple educative applications

## SKILLS

---
